Dear Barbara Buttinger-Forster: Thank you for your fine vibrant figurative PAINTINGS submission to AMSTERDAM WHITNEY GALLERY's Curatorial Review Committee. Our noteworthy Curatorial Review Committee was most impressed by your superb Figurative oeuvre which resonates with a profound visual narrative as you reveal the invisible within the visible. The spiritual artistic journey that you portray in your stellar work "ANGEL of PEACE" explores the complexities of the human figure and the movement of strong shapes as it resonates with a profound visual narrative. We were particularly engaged by the fluidity of line in "ANGEL BIRD" with its symbolic message as well as the strength of its dynamic silhouette which conveys your unique artistic vision of capturing the impalpable as you seize the essence of the emotional and physical experience. We salute you on the dynamic interplay of movement and space and how you capture a dramatic moment and emote an intense psychological portrayal of the human form. Your lyrical "TREE OF LIFE" viscerally challenges the viewer to a high level of emotional response and illustrates a vibrant visual intensity and power of the Human Form. Your "TRANSFORMATION" is a triumph of personal expression which radiate an intense human empathy for life.

We would be delighted to showcase your stellar artwork in an exciting 2014 Exhibition! AMSTERDAM WHITNEY Gallery is a premier, museum-forum curated gallery located in the "Heart of Chelsea"- the global epicenter of the art world.
